CC Pace to participate in Potomac Forum's Agile in the Government Workshop

FAIRFAX, VA – June 11, 2018 - CC Pace has been invited to participate in the Potomac Forum's Workshop on Agile in Government for the ninth time, along with officials from CMS, DHS, GSA and USPTO.

This workshop, *Agile Engineering, SAFe and DevOps: A Roadmap to Adoption*, is designed to provide attendees with specific insight into the logical progression from basic Agile initiatives to the continuous delivery and continuous deployment of working software, based on Agile disciplines and Lean Thinking. As government agencies continue to progress in their Agile transformation, they have begun to see the value of adding Agile engineering practices, Scaled Agile Framework (SAFe), and DevOps to improve continuous development and have faster delivery.

The Potomac Forum, Ltd was founded in 1982 as a non-profit educational organization to provide a wide range of educational services for government and industry. The *AGILE Development in Government Training Workshop IX: Agile Engineering, SAFe and DevOps: A Roadmap to Adoption* will be held June 14, 2018 at the Willard InterContinental Hotel in Washington DC.

CC Pace is a leading provider of Agile software development, Agile training and IT consulting services. Founded in 1980, CC Pace has performed a wide range of training and coaching services for thousands of professionals. Headquartered in Fairfax, Virginia, CC Pace is a privately held company, serving both commercial and Government clients.
